

Schematic Trails Map: Crawford Lake C.A. to Rattlesnake Point C.A. and back (~ 16 km)

Note

It is strongly recommended that you purchase The Bruce Trail Reference, Maps and Trail Guide. It will contain a more detailed map showing both the main Bruce Trail (white blazes) and different Bruce Trail Side Trails (blue blazes) in the Crawford Lake/Rattlesnake Point area. The Bruce Trail map will provide detailed side trail information between points 1 and 2 on this schematic trails map.
